

QUALITY POLICY

The overall Quality Management System operated by this Organisation, is structured around the business and operational needs, and to provide our customers with quality products, that meet their requirements, and to promote customer satisfaction.

In order to achieve this, as a minimum, our Quality Management System is based on the requirements of ISO 9001:2015, as applicable to the Organisation's corporate strategy, including the legislation applicable to our Industry.

The Quality Management System is subject to regular review for effectiveness and continuing suitability, and will change whenever better methods are identified.

Management is fully committed to operating the totality of the Quality Management System as defined in the Quality Manual. All personnel have the authority to make recommendations for areas of improvement to the existing system
